For some reason the registrars for Jeffersonville District did not place the notice for registration in this district in the Republican. But that our readers and Republicans may have notice of the times and places for registration, we publish the same this week, we want our people as well as the other fellows to have full notice.

Ollie, the eleven year old daughter of Mr. James F. Hurt, received a painful injury on last Sunday afternoon. She was playing on the front porch of her father's residence, and fell striking the back of her head against the porch railing and cutting a deep wound more than two inches long. Dr. C. W. Greever was called in and gave the necessary surgical treatment.

Judge Stuart has appointed the following registrars: R. A. T. Clements for Jeffersonville District, in place of John H. Lewis who declined to act; J. W. McGuire, for Maiden Spring District, in place of S. J. Thompson, who declined to act; S. L. Maxey, for Clear Fork District, in place of J. L. Baber who declined to act; R. G. A very important case was tried in the circuit court yesterday. It was the suit of Louise Peery, colored, vs. The Town of North Tazewell. While walking on a plank walk of that town the 12th of June, 1901, the woman was thrown down and broke one of her arms. The injury was occasioned by the bad condition of the sidewalk. She brought a suit for \$1,500 damages against the town and the jury awarded her \$300. The plaintiff was represented by Chapman & Gillespie and the defendant by Geo. W. St. Clair and Fulton & Coulling.

### Are They From Tazewell.

A press dispatch from Cordella, Oklahoma, of the 18th inst. says:—"A mob of several hundred men took Levi Reed and Bud Wingow, outlaws, captured recently in a raid of the Casey-Craves gang, from the county jail here Saturday night and strung them up to trees to force them to reveal the whereabouts of their leaders and to give information regarding their crimes. The outlaws finally gave desired information, and the mob returned them to jail, disappearing apparently to get the rest of the gang. Reed was so badly strangled that he was revived with difficulty."

It is thought by some of our citizens who have read the above that this man mentioned as Bud "Wingow" is Bud Wingow, who lived near Cedar Bluff in this county, and who about two years ago was indicted along with his father for making an assault upon "Squire Thos. A. Gillespie, and who fled from the country immediately after the assault. It is also thought that the man Reed went from this county or section.

### Letter to A. M. Black.

Tazewell Va.

Dear Sir: You are an artist, what do you know about paint? White lead is 2000 years old, and zinc about 50. The Greeks knew white lead. Lead and oil is old-fashion point, and zinc is a baby comparatively. But zinc if properly ground with lead, prolongs the life of the paint from about three years at the most, to six.

Do you know that? It isn't your business to know it; but you are an artist. The sun, that paints for you, destroys lead and oil, but scarcely affects Devoe.

Devoe is the paint that lasts six years; yes, two or three times six years in favorable conditions.

Yours truly,

F. W. Devoe & Co

### AN OPEN LETTER.

TAZEWELL, VA., Aug. 12, 1902.

To the Hon. William A. Anderson, John W. Daniel, William E. Cameron, R. W. Moore, Roger Gregory, W. H. Boaz, Berryman Green, Claggett B. Jones, J. C. Wyser, D. Tucker Brooke, and B. A. Davis:

GENTLEMEN:—I see from the Manual of the late Constitutional Convention of Virginia that you, eleven in number, constituted the "Committee on Final Revision and Adjustment of the various provisions of the Constitution that may be agreed upon and the schedule;" and that as such committee, I am advised, you framed and revised, "An Ordinance" attached to the Constitution. Section 1 of said ordinance reads as follows:

"Registration shall be conducted in each magisterial district of every county, and in each ward of every city, by a board of registrars, composed of three competent citizens, resident in such district or ward, appointed as hereinafter provided, each of whom shall qualify by signing and filing with the clerk of the county court of their respective counties, or the corporation court of their respective cities, as the case may be, a paper signifying their acceptance of their appointment, and who shall hold office until the first day of January, nineteen hundred and four, etc."

I am informed that in many sections of the State registrars are construing this section to mean that they are not required to take an oath of office before entering upon and discharging the duties of registrars, and that they will not take any such oath. I wish to enquire of you, and will thank each of you for a prompt answer to the question, "Does the language of section one of the ordinance above quoted relieve registrars from taking an oath of office, and was the section framed with that intention?"

An early reply to my enquiry will be greatly appreciated.

Yours truly, WILLIAM C. PENDLETON. Tazewell, Virginia.
